Would like to give
Your Organization

\$71,040.00 or \$35.52

for each participating member of the Fundraiser

Almost everyone has used the Kansas City airport or knows someone who has used it in the past. We have developed a fundraising program to give back to non-profits, charities, schools, sports teams and churches a percentage of all trips completed using a unique tracking code.

Since 2010, we have grown from 1 van and 1 driver to over 25 vans and 55+ drivers. We found a niche between the Black Car services and the Taxi's, and provide private service to individuals and groups. Our service provides a dedicated, non-shared car service to or from the airport. We also provide car service for any other transportation needs in and around Kansas City. Our vans are late model, 6 passenger minivans and well maintained in our own garage.

Over 29,000 people use the Kansas City Airport every day. That's over 203,000 people a week. We have grown our business through word of mouth and have had tremendous success in the past. Now we can give back to our community through our program but we need your help to spread the word to even more people.

5 Guys Transportation will give back 10% of all fares collected from anyone who uses the tracking code. Once you book a trip an account is created and will be permanently linked to your organization. For a period of two years from the start of your fundraiser, 10% of all fares using the tracking code will be given back to your organization for this campaign. Any and all trips using the unique code will be credited towards your account.

All of the calculations below are based on 1000 members participating in the fundraiser.

If each member finds just **TWO** people to use our service **ONE TIME**, we can get close to the above goal.

If we find just **20 (2 out of 100)** people that travel for work we can multiply their returns many times over.

1000 x 2 x \$120 = **\$24,000.00**
20 x 48 x \$120 = **\$11,520.00**
\$35,520.00

\$35,520.00 x 2 years=
\$71,040.00

5 Guys Transportation can provide transportation for:

- Airport service
- Concerts
- Sporting events
- Taxi alternative
- Senior transport
- Dinner reservations
- Corporate transport
- Weddings or reunions
- Let us customize a solution
